

# Weddings at Trinity Park

The Events Centre at Trinity Park is set in 350 acres of beautifully landscaped grounds. The flexibility of the centre, with its adjustable walls, sound-proofing and individual climate controls means that we can cater for the small intimate wedding or a larger affair. We can comfortably seat up to 500 people for your wedding breakfast and up to 800 people for the evening reception, so we can fit the room for the size of your party instead of your party fitting the size of the room!

An attractive courtyard makes an ideal space for your guests to mingle while enjoying a drink and canapés. In the meantime, you can enjoy having photographs taken next to the contemporary designed fountain or landscaped grounds.

We are licensed to hold civil ceremonies in our award winning building or in the Trinity rooms - the choice is yours. Trinity Park also offers extensive grounds for a marquee reception if this is something that appeals to you.

Of course, good food is always an important part of your day. The chefs will ensure that every dish is planned, prepared and served to perfection, with emphasis on seasonal flavours and local produce. You can choose from our sample menus or, if you prefer, our chefs can develop a menu especially for you to ensure we provide the perfect meal for your special day.

Our extensive wine cellar will cater for anyone's palette. If, however, there is a particular wine that you prefer we would gladly source that for you.

We have preferred rates at a number of local 3 and 4 star hotels and would be happy to make these arrangements for you.

Together we are sure that we will make your special day a day to remember, forever.

## Affordable to you...

- Exclusive use of the venue - from £750 to £2,500
- Your civil ceremony - £500
- Drinks packages are available for you to choose from depending on your budget
- We have compiled a list of quality suppliers for all your wedding needs that are familiar with our venue. Please ask your wedding co-ordinator for a copy
